

ALANA STULL

USER-CENTERED ENGINEER & ENTREPRENEUR

ABOUT.

Product builder and entrepreneur working across product strategy, design, and development. My work explores how technology can complement everyday life and create more space for what matters. Grounded in psychology, design, and engineering, I understand people, translate their needs into experiences, and bring those experiences to life through technology.

EXPERIENCE.

CO-FOUNDER, CHIEF TECHNOLOGY OFFICER (CTO)

BLYSS SOCIAL | SEPTEMBER 2021 – PRESENT

- Lead product strategy, design, and development for social discovery platform built around people, places, and real-world experiences
 - Drove company pivot from dating to social discovery through 200+ user interviews, iterative testing, and market research
- Refining mobile experience and design system across core product flows
- Developing AI-powered recommendation systems to personalize venue discovery and optimize social coordination

FOUNDER, UX ENGINEER

RHYTHM, NOTED BY NANI | JANUARY 2026 – PRESENT

- Building AI-driven capacity intelligence system that transforms biometric, behavioral, and calendar data into actionable insights
 - Mobile, web, and Electron experiences integrating Oura and Google Calendar APIs with ML and LLM-powered recommendations

UX ENGINEER

CRWN HQ | FEBRUARY – AUGUST 2026

- Redesigned and developed textured hair platform connecting clients and hair professionals through booking, discovery, and community
 - Built design system and core client and stylist experiences, with fullstack implementation across core user flows ahead of App Store launch

LEAD BRAND DESIGNER & STRATEGIST

MENTOR ME COLLECTIVE | APRIL 2024 – MAY 2026

- Led full rebrand, driving adoption of new branding across media, graphics, and internal/public-facing content
 - Created content for LinkedIn (36K+), Instagram (5K+), and YouTube (5K+), boosting brand visibility and engagement

UX DESIGN INTERN

AMAZON | MAY – AUGUST 2024

- Spearheaded design and usability testing of generative AI/LLM platform
 - Supporting 1.4K+ people metrics and 175K+ customized reports
- Created row-level data retrieval, report customization, prompt guidance, and virtual assistant features

UX DESIGN INTERN

AMAZON | MAY – AUGUST 2023

- Developed components for career management platform (3M+ users)
 - Contributed flyout and message banner components to company-wide design system
- 3rd Place, Global AtoZ Hackathon: Led UX/frontend for Messenger app

PRODUCT DESIGN INTERN

IDEO | JUNE – AUGUST 2022

- Designed venture prototype for Financelt, a platform streamlining financial aid access for first-gen, low-income, and non-English-speaking families
